Experience

Freelance Motion Graphic Designer

VeYou

April 2026 - Present

- Created motion graphics and animated visual assets for digital marketing campaigns.
- Customized After Effects templates to align with client branding and messaging.
- Collaborated with clients and team members to deliver projects on schedule.
- Produced content for social media, advertising, and promotional materials.
- Managed multiple projects simultaneously, ensuring quality, consistency, and timely delivery across various client campaigns.

President & Founder

Animation and Design Club Queens College

March 2026 - Present

- Founded and lead a student organization focused on animation, graphic design, and storytelling.
- Organized workshops, creative projects, and design collaborations with other clubs for student members.
- Managed club operations including member recruitment, event planning, and project coordination.

Design Internship

SAA Architects, Singapore

Oct 2021 - Mar 2022

- Collaborated with a team of professional designers on multiple interior design projects, contributing to concept development and execution
- Created over **20 detailed concept** sketches and 3D visualizations to communicate design ideas effectively to clients and team members.
- Assisted in preparing client-facing material boards by selecting, cutting, and assembling **50+ FF&E samples** (fabric swatches, tiles, finishings), ensuring precision and strong visual composition.
- Demonstrated creativity, attention to detail, and collaborative problem-solving throughout each phase of the design process.
